## DR. HODENPYL DEAD.

Company Congress

Pathologist Who Made an Important Dis covery in Treatment of Cancer. Dr. Eugene Hodenpyl died at 10 o'clock

Dr. Hodenpyl, who was formerly an

instructor in the College of Physicians and Surgeons and latterly connected with the bacteriological department of Roosevelt Hospital, came into prominence early this year through the publication of a paintings by old masters, landscapes, preliminary paper recording some discoveries that he had made regarding the American school, and sculptures, was course and treatment of cancer.

Physicians had long noticed in cancer cases that occasionally a case was presented which apparently had cured itself. Therefore physicians diligently itself. Therefore physicians diligently sought to learn what nature's cure was. Dr. Hodenpyl in his pathological studies came across some four or five years ago a case of caneer in a woman patient which apparently had cured itself and with the subsequent developments he set out to study it carefully. The patient after three operations for cancer of the breast had developed a malignant cancer of the liver and when death seemed imminent had suddenly undergone a change in which the cancerous growth disappeared and she got well.

With the texception of the scars there remained eventually no indications of the original disorder except the necessity of frequent tapping of the abdominal

hundred miles to its through passenger conductors operating on its main line between New York and Bufalo. The present rite is \$2. On its side lines it gives the \$2. Or atte \$2.50, which is the same rate the company offered until January 1, 1911, when the \$3. Or atte applies.

On freight the arbitrators awarded the conductors \$3.40 on the main line divisions, iscluding the West Shore, until January 1, 1911, when the \$3. Or atte applies. The rate is now \$3. On its side lines they were given the \$3. Or atte of \$3.43.

The arbitrators have evidently recognized the higher append, facilities and favorable conditions under which the New York Central men work in its main line operation.

tumors have grown smaller, in some they have disappeared.

"The greater number of the forty-seven cases thus far treated were distinctly unfavorable, many of them hopeless and inoperable. Many of the cases are still under observation by the writer. ing one cent an hour over what has been offered. They have placed three classes of yards upon the road.

As regards "double heading" in freight ervice the arbitrators reported that the percentage of double heading on the New York Central and Boston and Albany roads is small and in view of this fact they did not deem it consistent or proper to establish a rule or precedent in this proceeding.

Grand Masters Lee and Garretson issued a statement about the award as follows:

The award of the arbitrators. F. Cheb.

The Award of the arbitrators of Experiments of the various correlated series of investigations, chemical and biological, now under way, or by such tests as other observers may undertake."

Dr. Hodenpyl was graduated from the

The award of the arbitrators, E. E. Clark and P. H. Morrissey, as applied to the New York Central proper and the Boston and Albany has been handed down and it is in substance as follows:

Through passenger rate as established on the Baltimore and Ohio, New Haven and Boston and Maine:

## DEATH OF L. CONTERNO.

Bandmaster's Son Attributes His Paralysis to Some Aceldent.

Luciano G. Conterno, the aged bandstreet on Saturday, April 16, and was supposed to be suffering from apoplexy, died on Wednesday night. His son, Dr. George N. Conterno of 137 Macdougal street,
Grandson," by Van Dyck; a landscape her mother's peremptory call, until her believes that it was not apoplexy but by John Crome, a portrait of "Mrs. Bardream brought her to New York, landed motor paralysis following some accident.

"He had bruises on both knees and both shoulders which could not possibly have been the result of a fall," said Dr. Conterno. "He must have been struck by a car or an automobile.

"He set out Saturday morning for Staten Island on a bit of business. We have learned that he was found standing on State street by a policeman who asked him if he wasn't well. I have the policeman's number. I don't believe my father was able to answer him. The by for duty and to end when released from policeman put him on a Broadway car duty at end of run. Overcime pro rata, which | and he sat near the door. The conductor tenth of the rates named above per asked him where he wanted to go and he said Uptown.

The Wolf and Pox Hunt," Painted Abou 1617 and Once Owned by Lord Ashburton, in New York-Hearn Collection Added To by 19 Paintings.

A large number of new acquisitions to the Metropolitan Museum, including announced yesterday by acting Director Edward Robinson. Many of these accessions will be placed on view to-day

in the galleries of the museum. The most important is "The Wolf and Fox Hunt," a master work by Peter Paul Rubens, which the museum has just acquired by purchase. Director Robinson is authority for the statement that this famous Rubens is the most notable and valuable painting ever purchased by the Metropolitan Museum

The picture depicts wolves and foxes attacked by dogs and flanked on either side by mounted huntsmen, engaged in combat. The figures on horseback to the right are said to represent Rubens himself and Isabella Brant, his first wife. Another horseman is seen further to the left, and between these groups are several men on foot, one with a horn, another carrying a spear and the third a club. At the extreme left are two men attacking a wolf, which hites ferociously at their spear heads. A second wolf is almost overcome by the dogs in the struggle while wounded foxes lie under their feet Two dogs hold a fox at bay, and in the distance may be seen a horseman gallop-ing over the plains and followed by dogs.

According to John Smith, a historian

was painted for Gen. Legranes, commander of Marquis Spinola's artillery in Flanders, and passed later into the possession of Count Altimera. It was later taken by the French from the Count's descendants at the time of the Napoleonic wars and transferred to the Louvre, where it was exhibited in 1814. It was restored to its former owners in 1815 and subsequently returned to Paris for sale, the price asked being 80,000 francs. Square Theatre in a roar of laughter It was bought in 1824 for 50,000 france and afterward was acquired by Alexander Baring, first Baron Ashburton. picture was recently purchased from the London, who in turn sold it to the museum. The painting is 12 feet 4 inches long by by Rubens in 1617, when the artist was Dreesler possesses the vis comica in a It has been placed on exhibition in

child deaths and all Preventable.

In the small anteroom leading upon the dining room were exhibits showing arm in arm along "Independent avenue" away from the cardboard church in the background, accompanied by printed statistics that told of the 750,000 children in New York who do not attend Sunday school, the equivalent of the entire population of the four largest cities in the State outside of New York. Opposite was another painted cardboard exhibit calling attention to the Children's Court and the average of forty "criminals" that are tried there each day.

About seventy-five or one hundred committee members and others connected with the Child Welfare Exhibit which is to be held in New York next fall had gathered at the Harvard Club for a dinner and conference. The exhibits of last night were just a very small part of the cardboard scenes, the photographs and street scenes with minute figures walking NEWS OF PLAYS AND PLAYERS.

cardboard scenes, the photographs and other concrete lessons which the com-mittee will show the city in the autumn. At the conference and discussions that followed the dinner the presiding officer was George E. Ide of the Home Life In-

surance Company.
Dr. Walter L. Hervey of the Board of Education told of the support that the committee has been receiving in its work. of studying how "the vast army of embryo citizens is being trained in the homes, the streets, the schools, the churches, the libraries and in parks and

cording to studies made of the ten largest American cities," said Prof. Seligman, "in its open recreation areas. With us one big problem is the streets, and New York is neglectful of the fact that our streets are a big factor in the outdoor recreation of our children."

recreation of our children."
Secretary Roy Smith Wallace of the executive committee held his audience as he earnestly reeled off statistics about child life in the slums. He argued for contributions for the preventive rather than the remedial charity and gave as an instance a sum of \$450,000 spent to bury babies of the process when less than \$200,000. instance a sum of \$450,000 spent to bury habies of ithe poor when less than \$200,000 would have prevented the babies' deaths.

When Secretary Wallace had finished speaking Robert W. de Forest, extensent House Commissioner, and others discussed various social and economic phases of urban child life.

Fire Commissioner Waldo is considering a plan to abolish the donated gold medals for the Big Exhibit in the Fall Hereafter official medals will be provided Mahogany Bureau that are annually awarded to the firemen. Are Outlined High School Pupils by the city, which shall be held in as high Helping Prof. Seligman Says the esteem as the medals awarded by Con-

The Commissioner has decided upon Tiny gravestones were strung along the official medal and has approved a in lines on the third floor of the Harvard bronze model submitted by Tiffany's of the tasteful boudoir or the Club last night with a placard over them On the front is the city's coat of arms and underneath are the words "For Valor." On the reverse side will be the York and one new grave-four fifths of all Valor." On the reverse side will be the and the date of the award.

Just what he will do in regard to the gold medals that are now privately provided the Commissioner has not made up his mind. He may ask the donors to apply the funds to some other use. Even f these medals are retained they will not be of the same value as in the past. The city's own medal is to be the only official one and the only one that is to count toward promotion. If the gold badges are awarded they will simply indicate honorable mention."

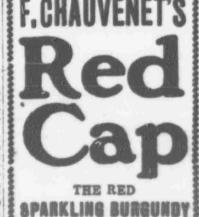

The official bronze medal is to be

awarded only when a fireman rescues a human life when it is not incumbent human life when it is not incumbent upon him as a matter of duty to make the rescue; that is when the rescue is made under conditions that would not subject the fireman to criticism had he failed to make the rescue. Such an ideal is supposed to bring out heroic qualities in emergencies. These are the conditions required in awarding the Congress and United States army medals.

Commissioner Waldo believes that the present method of awarding medals is unfair. There are just nine medals to be awarded each year. If there should happen to be eighteen men equally de-

happen to be eighteen men equally de-serving of them half the number must be ignored. On the other hand should it happen that a whole year passed withembryo citizens is being trained in the homes, the streets, the schools, the churches, the libraries and in parks and playgrounds. In theatres, stores, facturity to display heroic service the must be awarded just the same. Under the new system there will be as many medals as there are men deserving of them, whether one or twenty. They will be conferred, as in the past, on the decision of the board of merit, which consists of three deputy chiefs. The new medals will be conferred this year at the annual parade of the firement.

William E. Corey, president of the United States Steel Corporation, salied yesterday by the North German Lloyd liner George Washington to join his wife in France.
